Forecast For Wales
Issued by Met Office Exeter
at 0400 on Wednesday 03 Nov 2021

++ Valid for broadcast between 0600 and 1800

Headline:
Sunny spells and showers, these most frequent in the west.

Today:
A bright and breezy day in northern and western areas with bright or sunny spells and showers. Further east there'll be more sunshine after a chilly start, but also some isolated afternoon showers. Maximum temperature 12 deg C (54 deg F).

Tonight:
Showers will continue in the west this evening and overnight, but elsewhere it will become dry with often clear skies. Turning chilly for many by morning. Minimum temperature 2 deg C (36 deg F).

Thursday:
The far west will continue to see scattered showers throughout the day, however elsewhere it will be dry with bright or sunny spells. Feeling chilly in the breeze. Maximum temperature 10 deg C (50 deg F).

Outlook for Friday to Sunday:
Dry on Friday with bright or sunny spells. Cloudy and windy on Saturday, but generally dry and turning milder. Rain on Saturday night clears to fine, dry conditions on Sunday.
